

Forming for the 21st century

Brackit™ Form System

Elegant and Versatile

Looking for a quality, cost efficient solution to forming concrete cantilevers integrating modern materials? Meet the Mortex Brackit™, our newest, patent-pending form system from a long history of forming success. From Mortex's beginning, we pioneered both reusable and disposable forms starting in the 1960's. Even after 50 years, there is always something we think can be done better, less expensive or faster. Brackit form system does all three.

Pushing boundaries usually comes at a price. Fortunately with the Brackit form system, it is a much lower one with significant cost savings over either disposable or reusable competitor cantilever form options. Brackit will save you time, money and frustration by being specifically tailored to each individual application! Whether you are working with Gunite, Fiberglass, Vinyl Liner or Auto Pool Cover applications, Brackit Form System has you covered.

- **Time Savings – Faster to set, easier to work with and remove**
- **Cost Savings – Simplified form bands with patented spear & button system**
- **Built for many applications: Gunite, Fiberglass, Vinyl Liner and Auto Pool Cover**
- **Designed with the concrete professional in mind – Ease of use is unparalleled!**
- **Available in all modern Mortex shape options, from Stone Edge to Glow Rite***

*See reverse side for availability

Technical Overview

Form Categories
Gunite, Fiberglass, Vinyl Liner and Automatic Pool Cover
Coverage
Varies with Category and Shape
Contents
Disposable Form Set Includes: Form Bands, Spears (Hook - FG, VL, APC or Extended - Gunite), Buttons & Nails or Screws, Filament Tape
Reusable Brackets: Gunite (FXBKT) and all other categories (FXBKTR)
Carton Measurements
102" x 13" x 13"
Weight
Approximate ship weight 17 lbs
Shipping Info
Freight truck, ocean or air

Mortex Manufacturing Co., Inc.
